our concept

Indulgence without rules or borders.

Ingredients from all around the world, combined
into delicious creations by our chef André Delpet.

Forget the classical order of starters and main
courses. And why just start your evening with
champagne, if you want champagne all night!
Except for the classics, sides and bites, all our
dishes are around the same size. Fill up your
table with flavours and colours! 3 to 4 dishes will
satisfy your tummy.
