Passion for Tea

One summer's day the second emperor of China, Shen Nung, ruling in the 10 century C.E. was visiting a distant region of his empire. The emperor and his court stopped to rest and a servant began to boil water for the court to drink. Dried leaves from a nearby bush fell into the cooking pot and were infused in the water. As a scientist, the Emperor was interested in the new liquid, he drank some and found it very refreshing and so, according to legend, tea was created.

Now in the 21st century, Metropolitan tea stands for the highest standards in the selection, packaging and distribution of tea as well as being part of the fair trade and ethical tea associations. At Fairmont the Palm, we have carefully selected an array of famous teas and infusions from the best known tea growing regions across the world. We have provided some surprise choices, aimed to satisfy your passion for tea or to entice you to become better acquainted with this wonderful beverage and tea culture in general.
