

"Blossom" is the beautiful state of flowering. Let's take you on a restorative journey where we blend natural healing ingredients with sweet aromas to delight your senses and intuitive touch that will enhance your wellbeing. We aim to revive your senses, restore your balance, and improve your inner vitality. Emerge from your treatment as a beautiful flower.

Prepare for Your Spa Experience

- Drink plenty of water before and after services to enhance the benefits of your treatments.
- Eat a light meal but enough food to keep your stomach from rumbling, but not enough to be uncomfortable if you must lay on it.
- Relax; take slow and deep breaths before your treatment begins. Envision every muscle in your body relaxing. Note the surroundings, inhale the relaxing scents, and lower your shoulders. Sit back or lie down and relax while you await your treatment.
- Be open to the experience.
- Communicate with your therapist. If you have any feedback on the temperature or amount of pressure, let them know.

Spa Attire

Please wear comfortable attire. Robes and disposable underwear will be provided.

Your comfort - Do Let Us Know

Although we do our best to anticipate your needs, we appreciate that the Blossom is an individual experience. Please let your therapist know if there is any way that she can improve your treatment or comfort - for example, heavier or lighter massage pressure, an extra towel, sound or lighting levels.

Be Appreciative

When the treatment is over, take time to slowly reintegrate, rather than rushing off.

All prices are subject to service charge and applicable government tax.
